ALLIANCE FRANÇAISE DE SINGAPOUR | THE FRENCH HUB

05.04.2024

Alliance Française
Singapour

Alliance Française de Singapour offers the unique opportunity to immerse into French culture through plenty of events during the year. To ensure a cohesive programme, a red thread has been woven, sponsored by Crédit Agricole. France's fields of expertise are declined through exhibitions, workshops, live performances, talks, screenings, and other activities. A fresh theme is presented every few months

The gallery : highlight of French Excellence

Since French Excellence programs are meant to embody the very best of French culture, from Notre-Dame de Paris to the dancer Nureyev, from the transportation inventions to the French men's haute couture, the visual identity and the fantasized representations associated with the themes is a key element to the success of the program. The gallery thus becomes an experiential space for the visitor to embrace the culture through knowledge transmission and wonder of the sight.
